73/25

**Standing Items**

Community: The Work Party on Judith's Wood was postponed due to bad weather and will now take place 10<sup>th</sup> February. John Chapman and Chris Loynes met with the agent on site to arrange remedial tree work advised by the recent survey. It is expected this work will be done by end of February. Tree planning is scheduled for 10<sup>th</sup> March. A budget of £50 was proposed for equipment and refreshments. Moved TM, seconded CL

74/25

**External Meetings.** Chris Loynes attended the Westmorland and Furness Resilience Workshop which focussed on the impact of climate change. He will make a full report and recommendations at the next meeting.

75/25

**Planning Applications.** The council considered their response to the two planning applications discussed earlier. After considering the objections and concerns from parishioners the council raised no formal objection to the change of use of the presbytery at Dodding Holme but did so with the suggestion that the approval cites conditions obligating better and responsible communication and liaison between 'The Well' and the local community.

The council lodged their objection to the development of the business park at Meadowbank.

1. The development breaches Westmorland and Furness Council's own development boundary and encroaches onto this parish which was never part of future business/industrial building.
2. The environmental impact will affect local plans, biodiversity, light pollution, flood risk, traffic management.
3. This development is not in keeping with the rural nature of this parish.

76/25

**The full responses can be found on the parish website.**

The chair thanked everyone for their contributions and the meeting closed at 8.55pm

The next meeting of the parish council will be on Thursday 26 March 2026, 7pm in Skelsmergh Community Hall
